There is no general order directing the grant of scholarships to the girls of the Lower Secondary Class (Vernacular classes) In the year 1892, a few scholarships were sanctioned for the benefit of the Girls of the Anglo Vernacular (L.S. class) Patasala, Bangalore (Please see serial no 2 of Ed E No 40 of 96) The Maharanee College girls also get scholarships The girls of the Govt Girls' school Bangalore are also granted scholarships

Recently scholarships for the girls of the L.S. class to the schools at Shimoga, Chitaldrug, Tumkur (Both Empress Girls' school, Hindu Girls school) have also been sanctioned*

Certain Aided schools were given in 1900 additional grants on account of scholarships for girls of the L.S. class The Wesleyan Mission Girls School at Bangalore, the

the London Missionary girls' day school, Arlepete, Bangalore, Church of England Zenana Mission Hindustani girls' school, Cubbonpete, Bangalore, the Church of England Zenana Mission girls' school, Mysore are asked for reference

During the year 1901 the aided Wesleyan Mission girls' school, Mysore, was also given a grant of Rs 20 per mensem for scholarships of the kind in question

It will appear that the present grants allowed to aided schools do not include provision for scholarships to girls in the L S classes

These scholarships are specially granted to induce the girls to stay in the school longer than usual and to enable

The I.G.S.S present recommended that the Aided schools at Tiruchirapalli be granted Rs 15 each for scholarships similar to the fees cited above and it involves no additional cost to Govt

I think such scholarships should be reserved only when the School Managers bear half the total charge themselves. The proportion of the ~~total cost of the School~~ General grant we now give to the total cost cannot be ascertained in this office, but the enquiry may be useful in deciding this question

I am not without doubt as to the propriety of such grants being sanctioned as above — more come in the absence of an order laying down ~~[illegible]~~ general principles - will the Secy Revd formulate his proposals & draft a circular order, in lieu official or personal consulta — how with the Govt

Dear Dr Bhabha,

You will remember that Dr Rees made an application for the usual scholarships for girls reading in the IV and V classes We have not yet received any The girls are constantly saying to us "We can get these scholarships in the Other schools, and if you do not give them to us, we shall leave and join the Other schools" You can see how difficult it is for us to carry on our work under these conditions

We need for the Fort girls about 15 and for the Petta about 15 Just at present the No is somewhat less, but when the promotions are made probably more will be required Then for the Madras School one scholarship is needed

If I pay these scholarships, can you guarantee that they shall be repaid to me?
The granting of these scholarships

to Govt and some others aided Schools makes it imperative that all shall be treated alike I should like to have a definite answer soon, as some of the girls are about to leave

Dear Dr Bhabha,

I quite agree with you that Scholarships for girls are not necessary ordinarily in the IV and V Classes I ask for them only in self defence I find that in this neighbourhood it is an understood thing that when girls get into the IV Class, they expect to be paid for going to School by dreams of a scholarship
